Dear business owner,

We're pleased to announce a new program for Xcel Energy's small commercial customers to help you reduce your energy costs. Our new Small Business Lighting program provides free lighting audits to eligible customers, plus ongoing assistance to help you get lighting rebates.

Participating is easy – Franklin Energy Services, an Xcel Energy partner, will come to your business at your convenience, complete the audit and provide you with a report including recommendations for improvement. Plus, when you make the approved lighting improvements, you can receive cash rebates to help buy down the project cost.

We hope you can join us to learn more about the program and meet energy experts from Xcel Energy and Franklin Energy Services who will walk you through the process. At the meeting you will be able to:

- Learn more about the program offerings and how you can save up to 40% off your lighting costs
- Sign up for your free, no-obligation energy audit
- Meet program staff and ask questions

RSVP no later than August 7 by calling 1-877-287-2250
